Field Day Planning

- Trailer Visit
 - Visited last week
 - Most things seem fine
 - Replacing Flashlights
 - Charged Batteries - One Failed
- Maintenance request submitted to move trailer
- Security will check out generator
- Kirk will invite to one more trailer visit before Field Day to move Generator and cable into trailer before the move
- Gasoline - Got Volunteer
- Stephanie sending Flyer
- Kirk will send meeting invite

Field Day -Cont

- To work as many stations as possible on the 160, 80, 40, 20,15 and 10 Meter HF bands, as well as all bands 50 MHz and above, and to learn to operate in abnormal situations in less than optimal conditions.
- W6AGO 2A LAX
 - W6AGO is our club Call sign
 - 2 since we will have 2 HF Stations
 - A since we are a club
 - LAX is our location
- HF Station 1
 - Crank IR
- HF Station 2
 - Buddipole or Wire antenna
- VHF Station (s)
 - Multiband Vertical
 - Monoband antennas

New Amplifier

Elecraft KPA 1500 for the D8 Shack

- Ordered
- Check Sent and received by Elecraft
- Elecraft will ship once they have filter boards in stock

WB6VMV Status

- Blew down in a windstorm
- Antenna survived and has been tested as good
- Mattel will install the replacement support bracket
- El Segundo club will reinstall the antenna
- Current status:
 - Still down
 - Waiting on Mattel to install the support bracket

Echo Link Status

- Had issues recently with WB6MAX-R
- These have been resolved recently
- Bob can you elaborate?

Aerospace Repeater

- We have formal permission to install
- Antenna and Cable already installed on A8 roof and into maintenance area
- Dave Ping has rack with new radio
- We will install it soon in A8
- Using Test Pair (446.88 MHz (-)) and PL tone 123 Hz
- Once installed and working, we will coordinate with sccrba.org to get our own pair

HAM Question Time

- Got a question? Ask it.
