Agenda

- Show and Tell
 - Jim Clark - KW4JW
 - Dan Plaster - KN6OJH
 - Stephanie Wong - KN6RNB
 - Doug McNulty - KM4GC
 - Kirk Crawford - KK6KC
- Holiday Party

Stephanie Wong

- Backyard Antennas

Stephanie Wong

Portable Antennas

Kirk Crawford

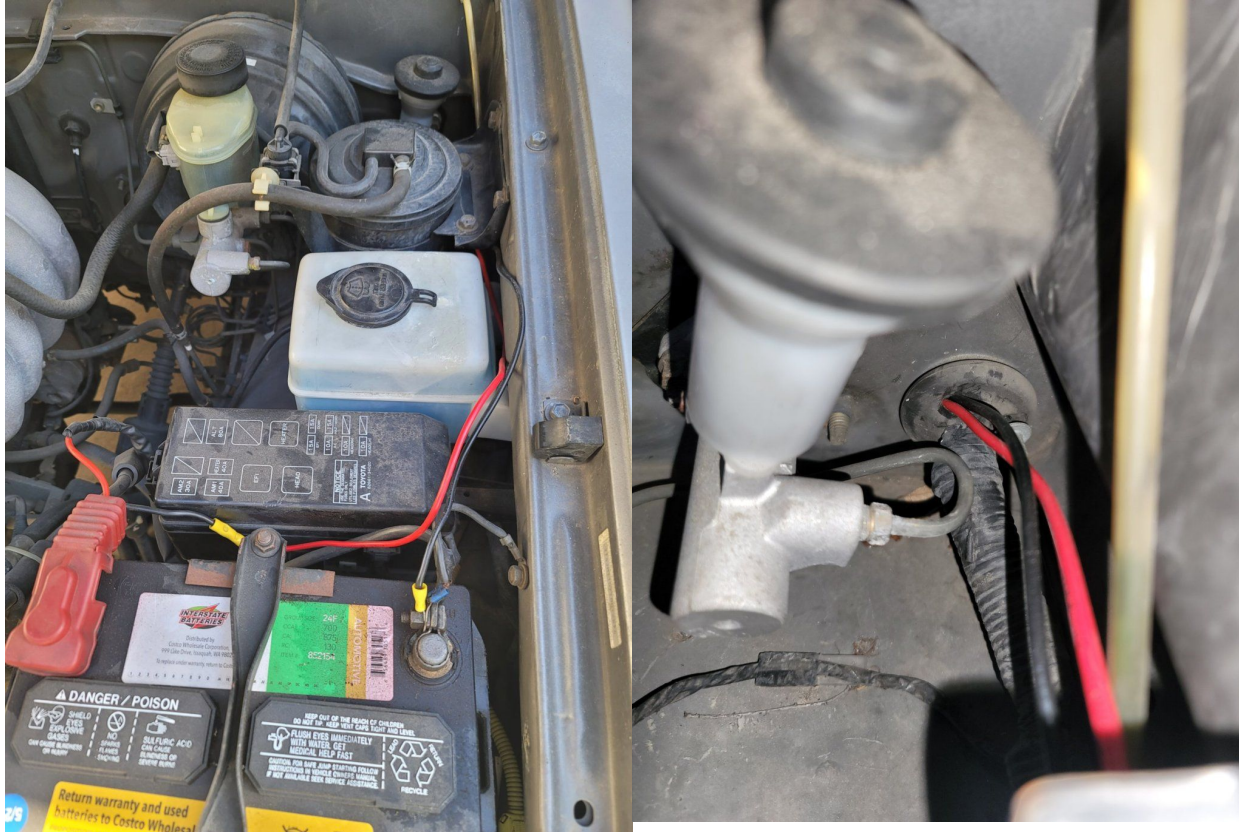

- Mobile Radio Installation in my truck
- QYT KT-8900R 25W Tri-Band Mobile Transceiver \$82
- NMO Cable \$28
- Nagoya TB-320A Tri Band Antenna \$58

Radio Installation

Tiny
2M-1.2M-0.7M
radio fits in a
single DIN slot in
the dash with
room to spare for
the microphone

Connecting Power

- Connect directly to the battery for maximum current draw
- Must remember to turn off radio when you leave vehicle
- Ran wires through hole in existing firewall grommet

Antenna Installation

- Drilled through the roof
- Roof acts as a good counterpoise
- Antenna folds when I need to go in parking structures
- 25W Radio and this thru-the-roof antenna gets into the repeater better than 50W radio and Trunk Lip Mount antenna on my Volt

Holiday Party

- December 8
- A3/1607A and...  Microsoft Teams
- Prime Rib Lunch included
- Paid Membership required
- Slides of club activities
- Election of Officers - Consider joining club leadership
- Raffle
